 with 97% in 2020

INTERSHIPS AND PROJECTS

Internships **Eleventure** (Duration May 2023 - July 2023)
My Internship at ElevenVentures: Data Collection During my internship at ElevenVentures, I worked on data collection, an essential part of helping the company make smart decisions. This experience taught me many valuable skills and gave me a better understanding of how data drives business success. Introduction and My Role ElevenVentures is a company that relies on data to create innovative solutions. My job was to find, collect, and organize data needed for their projects. I also made sure the data was accurate and followed ethical guidelines. Learning the Basics The internship started with training sessions where I learned about the tools and processes used for data collection. I was introduced to methods like using APIs and web scraping to gather information. I also learned about the importance of following rules for data privacy.

Projects **Data collection** (Duration May 2023 - July 2023)
Data collection of students and poster design Internship Experience: Data Collection and Poster Design During my internship at ElevenVentures, I worked on two key areas: data collection and poster design. These roles allowed me to learn essential skills, contribute to meaningful projects, and gain valuable experience in both technical and creative domains. Data Collection My primary responsibility was collecting data for the company's projects. This included: 1. Finding Reliable Sources: I researched and identified trustworthy data sources, such as websites, databases, and reports, that aligned with project goals. 2. Extracting Data: Using tools like APIs, web scraping, and manual methods, I gathered relevant data. Attention to detail was critical to ensure accuracy and completeness.
