## Education

---

### Matoshri College Of Engineering , Nashik

*Pursuing Bachelor of Engineering in Artificial Intelligence & Data Science*

CGPA : 8.14

2021 – 2024

### K.K.Wagh Polytechnic, Nashik

*Diploma in Information Technology*

Percentage : 87.07%

2018 - 2021

## Experience

---

### Emerging Technologies

Feb 2023 – Mar 2023

- Involved in the requirement-gathering phase, collaborating with stakeholders to identify and document key business needs and objectives.
- Assisted the team in creating user stories and defining acceptance criteria, aligning closely with project goals.
- Leveraged AI for product insights in image/speech processing, text recognition, and Firebase Cloud.

### ESDS Software Solutions

Mar 2023 – April 2023

- Participated in requirement gathering and analysis, contributing to identifying data analysis needs for the team.
- Supported the team in preparing user stories and functional requirements to guide development efforts.
- Showcased data analysis and machine learning skills using Python, Pandas, and Scikit-Learn.

## Projects

---

### Swiggy Restaurants Dashboard

- Engaged in the requirement analysis phase to define key metrics for dashboard design.
- Developed insights on Swiggy partner restaurant counts, average dining costs, and geographic distribution, applying SQL and Power BI to present actionable data.

### Hotel Chain funnel Analysis

- Analyzed lead conversion stages and provided metrics-driven recommendations on engagement.
- Applied data science skills to calculate conversion rates, supporting the hotel chain's strategic customer onboarding efforts.

### Netflix Data Analysis

- Conducted comprehensive data analysis to categorize titles across genres, aiding in content strategy.
- Leveraged Python and SQL to automate data categorization and provide structured insights.

## Skills

---

- **Business Analysis** - Requirement Gathering, User Story Writing, Functional Documentation
- **Technical Proficiency** - Python, SQL, C, C++, Data Analysis (Pandas, Scikit-Learn), Excel , Power BI, Balsamiq , Axure, Visio
- **Core Competencies** - Root Cause Analysis, SWOT Analysis, Use Case & Activity Diagrams, Analytical Thinking, Teamwork

## Certifications

---

- Python Certification
- SQL Certification (Hacker Rank)
